

Exceptional Teams

A Dynamic Teambuilding Workshop

About the Workshop

*Up to 30% of a team's ultimate success depends on how well it launches. The **Exceptional Teams Workshop** helps you and your team design a winning formula. Create the momentum you need to propel your team on it's journey to enhanced performance, learning and agility through this dynamic and engaging program.*

Key Benefits

Buy the end of this dynamic program you will:

1. **Assess** the current state of your team and gain clarity on the compelling need to be a team.
2. **Form** as a real team—a unit that is more than the sum of its parts.
3. **Design** your team's charter—a winning formula including the team's purpose, areas of priority focus, a winning strategy and a unique teaming approach .
4. **Foster** individual team member engagement and commitment to the team through group and peer coaching.
5. **Generate** supporting mechanisms for sustaining the team's momentum and ensuring ongoing accountability.

A Corporate Program Offered By:
The Team Coaching Zone, LLC.

Workshop Components

The **Exceptional Teams Workshop** can be delivered in ½, 1, and 2-day formats. The program follows our Assess, Build and Coach program process:

Phase 1 – Assess: The team is assessed on its current state through a flexible mix of discovery interviews as well as an online team assessment. The end goals of this phase are to gain alignment, for the facilitator(s) to understand the systemic context of the team and to begin building rapport and readiness for change. We offer the industry’s best team assessment surveys including: the Team Diagnostic Survey™, the Team Emotional Intelligence Survey™ and the NBI™ Thinking Preferences Assessment.

Phase 2 – Build: The team participates in a dynamic ½ day to 2 day team-building workshop to launch or relaunch as a team. During this workshop, the team creates the conditions for high performance and forms as a unit that is more than the sum of its parts. The team emerges from the workshop with a shared vision, a clear focus and a winning strategy.

- **Half-Day Workshop:**
 - Team assessment feedback and dialogue
 - Dynamic team building exercises to foster greater trust and collaboration
 - Agreement on a few key action areas and strategies for success
- **Full-Day Workshop:** *In addition to the benefits of the ½-day workshop...*
 - The team develops a team charter and designs its winning structure
 - A clear performance goal, team norms and strategy roadmap is identified
 - Sustainability and accountability mechanisms are generated
- **2-Day Workshop:** *In addition to the benefits of the 1-day workshop...*
 - Individual team members are engaged, supported and challenged to identify their learning edges and where they can best contribute to the team
 - The team develops individual and collective learning plans to stimulate the team’s growth agility
 - The team develops an ongoing team coaching plan to ensure sustainability, challenge and support

Phase 3 – Coach: The team develops a coaching plan to accelerate its ongoing learning, performance and agility. The plan may include coaching by an external or internal team coach, by the team’s leader(s) and/or through self-coaching.
